

TRANSFER OF COPYRIGHT TO SS&C

Instructions: This form must accompany any and all papers submitted for publication at the Asilomar Conference on Signals, Systems and Computers ("Asilomar Conference"). Author or authorized agent must complete Parts I and II.

TITLE OF PAPER (hereinafter called "the Work"):

AUTHOR(S) (list all authors):

Part I – Assignment of copyright

(A) The undersigned assigns to the SS&C Conference Corporation all rights under copyright which may exist with respect to the Work (above). The undersigned certifies that he or she has the power and authority to make this assignment except as indicated in sections B or C below, and that the authors have obtained all necessary permissions for incorporation of text passages, figures, data or other material from the works of others if any such elements exist within the Work.

Author/Authorized Agent for Joint Authors

Date

(B) (U.S. Government Employees complete if applicable) This certifies that authors of the Work are U.S. government employees and prepared the Work on a subject within the scope of their official duties. As such, the Work is not subject to U.S. copyright protection. (U.S. government employees should also sign in (A) above to enable copyright protection in international jurisdictions.)

Authorized Signature

Date

(C) (Crown Copyright Certification - complete if applicable) This certifies that authors of the Work are employees of the British or British Commonwealth Government and prepared the Work in connection with their official duties. As such, the Work is subject to Crown Copyright and cannot be assigned as in section (A) above. The undersigned acknowledges, however, that SS&C has the right to incorporate the Work into its conference Proceedings, and upon transfer of copyright to IEEE or other entity, all rights of publication and distribution are extended to the Work in all forms and media.

Authorized Signature

Date

Part II – Compliance with other conditions

The parties signing above also acknowledge that following a compilation of the Work into a Proceedings for the Asilomar Conference, it is the intent of SS&C to transfer all rights of publication to the Institute of Electrical and Electronic Engineers (IEEE). The person or persons executing this agreement therefore certify that they are in agreement and compliance with all other terms and conditions specified in the IEEE Copyright Form effective at this date. (Authors should read but not complete the IEEE form.)

Author/Authorized Agent for Joint Authors
